FASCISTS OF SWITZERLAND FIGHT POLICE

Many Arrests Made and Dozen Wounded Sent To Hospital

GOVERNMENT WILL PROSECUTE LEADERS

ZURICH, Switzerland, Aug. 2 (P).—This Swiss town was tense tonight after a police clash with members of the Fascist National Front organization had sent a dozen persons to hospital and resulted in thirty arrests.

The clash occurred when the Frontists, many of them women, refused to disperse. Police charged the crowd, swinging their nightsticks, and the demonstrators fought back.

Deputy Wilhelm Tobler, chief of the National Front—largest organization seeking to overthrow Switzerland's democracy—was charged by police with calling on his followers to "march against the present political system against all resistance."

He was also charged with declaring the Swiss Government was "not lawful authority but authority which violates the law."

Police said they had found documents on arrested members of the organization which showed each member's participation in the movement's agitation.

The Government moved immediately to prosecute the leaders of the organization, which has its headquarters in Zurich and which closely copies the National Socialism of Adolf Hitler of Germany.

MISS VICTORIA RIDES IN STATE

Military Guard of Honor Will Be Feature of Today's Parade

At 2:30 o'clock this afternoon the parade, sponsored by the Junior Chamber of Commerce, will move off from the Cook Street entrance of the Royal Athletic Park in what promises to be the highlight of the current week's celebrations.

Dozens of picturesque floats, many of them from across the border, will comprise the procession which annually draws thousands of citizens and visitors to the downtown section of the city.

Detachments from the permanent and non-permanent militia forces, with brass bands, will lend a military atmosphere to the parade.

"Miss Victoria" and her guard of honor, riding in a gilded carriage drawn by four horses, and visiting groups from Port Townsend and Portland in majestic splendor will appear to both young and old.

Local merchants and organizations have entered many floats, while the comedy element has not been overlooked in the big parade.

Ernest H. Harris, president of the Junior Chamber, will be grand marshal, with Don McInish and Ed Glover as deputy marshals. Mr. McInish will have charge of the entries coming through the Green Street gate of the park, and Mr. Glover will supervise their departure from the Cook Street entrance.

Judges of the parade will be Dr. J. D. Hunter, M.P.P., Mr. and Mrs. P. B. Stewart, Mrs. T. A. Johnston, Mrs. Brown, Frank Glolias, Kenneth C. Drury, Dr. Kaye Lamb, P. Balgoin, C. H. French, G. Hamilton Harmon, George MacDonald and J. V. Johnson.

PREPARING CHARTERS FOR VETERAN BODIES

OTTAWA, Aug. 2 (P).—Charters for Provincial commands of the British Imperial Comrades Association will be sent out shortly, William E. Lover, St. Thomas, Ont., Dominion president of the association, said here tonight addressing the local members.

Provincial commands are to be set up in Ontario, British Columbia and Saskatchewan. The Veterans Association has fifty branches in Canada.

Suez Company Will Grant Big Sum for Projected Railway

CAIRO, Aug. 2 (CP-Havas).—The Suez Canal Company today announced it would contribute £307,500 (\$1,337,600) toward construction of the projected strategic railway joining Port Said with Suez at the top of the Red Sea, and connecting en route with the El Kantara junction of the Palestine railroad.

SAYS STAND HARMS UNITY

Hepburn Blames Western Interference for Collapse of Ontario's Plans

GOLDBRIDGE, B.C., Aug. 2 (P).—Premier Hepburn, of Ontario, in an interview today declared Canadians must handle their problems as citizens of a great Dominion and not as citizens of this section or that.

"I regret," said the Premier, "that when certain matters peculiarly of interest to Ontario come up in the House of Commons or Senate, just as the Alaska Highway is of peculiar interest to British Columbia, certain members of both Houses from the West hurry to interfere to the injury of the Province of Ontario."

It did not make for national unity when a certain group of Western senators sought a delay of construction of the International Bridge at Niagara Falls, when the Province of Ontario and the State of New York had negotiated a satisfactory agreement for immediate construction of a bridge which would cost \$5,500,000 and would furnish much needed employment. As the result of the interference of Senators J. E. Haig of Winnipeg, A. D. McRae, of Vancouver, and W. A. Griesbach, of Edmonton, they held up this great project when it came before the Senate committee and a year must elapse before the Province of Ontario again seeks authority of Ottawa for construction of the bridge.

EXPORT OF POWER
Discussing the question of export of power from Ontario, Mr. Hepburn said:

"Here again the men in the House of Commons who hastened to interfere with the plans of the Province of Ontario were Western men. They had no interest in the question and might well have left discussion to representatives from Ontario. They rushed in, however, and caused us to withdraw from plans."

APPEALS FOR AID FROM ROOSEVELT

Blind Girl Refuses to Leave Ship At Port of London Unless Dog Allowed to Land

LONDON, Aug. 2 (P).—A blind girl, weeping aboard a passenger ship in the Thames, said tonight she had appealed to President Roosevelt because British authorities refused permission for her "eyes"—a German police dog guide—to enter England with her.

The girl, Hazel Hurst, twenty-two, of Ontario, N.Y., arrived yesterday aboard the liner American Merchant. She refused to leave the ship without her dog.

The Ministry of Agriculture, after "serious consideration," announced the dog could not enter England without a customary six-month quarantine, required to determine whether animals are in good health.

Judges of the parade will be Dr. J. D. Hunter, M.P.P., Mr. and Mrs. P. B. Stewart, Mrs. T. A. Johnston, Mrs. Brown, Frank Glolias, Kenneth C. Drury, Dr. Kaye Lamb, P. Balgoin, C. H. French, G. Hamilton Harmon, George MacDonald and J. V. Johnson.

Loss in Vancouver Warehouse Fire Is Placed at \$300,000

Two Firemen Injured When Forced to Jump Twenty Feet to Escape Flames—Five-Story Building Completely Gutted

VANCOUVER, Aug. 2 (P).—Vancouver fire wardens tonight investigated a blaze which gutted a five-story warehouse here early today and caused a loss of approximately \$300,000 to four companies which had merchandise stored in the building.

Firemen Douglas T. Brown and William Green suffered injuries as a result of the second-alarm blaze of unknown origin.

Brown received burns and ankle injuries when he was forced to jump twenty feet from a hot fire escape. Green was struck by falling glass.

INTERIOR BADLY DAMAGED
The building, which suffered severe damage to its interior, was valued at \$800,000. Officials of the Empire Manufacturing Company, one of four companies with goods in the warehouse, estimated their loss at between \$150,000 and \$175,000.

It took firemen one hour and twenty minutes to control the sudden outbreak, which flared into new life three hours after it had been first controlled.

Crowning Miss Victoria

Miss Kay White who was officially crowned Miss Victoria at a colorful ceremony held on the steps of the Legislative Buildings here on Monday night. Miss White is here shown immediately after the crown had been placed on her head by Hon. T. D. Pattullo, Prime Minister of British Columbia. The ceremony was witnessed by thousands of persons and marked the first day of the Junior Chamber of Commerce carnival and Navy Week.

Race Controversy With Vatican Is To Be Continued

Controlled Press of Italy Strong in Attacks on Stand Taken by the Pope—Say Youth Would Choose Loyalty to State Rather Than Catholic Action

ROME, Aug. 2 (P).—Fascist spokesmen clearly indicated today their intention to stand by their guns in the race controversy with the Vatican. Regima Fascista, newspaper published by Roberto Farinacci, former secretary of the Fascist party and an anti-Semitic leader, went furthest in attacking the stand of Pope Pius.

Air Mission Sees Plants In Montreal

MONTREAL, Aug. 2 (P).—Members of Great Britain's second air mission to Canada inspected two airplane factories in this district today and held a secret conference with a representative of the Commercial Air Transport and Manufacturers Association of Canada.

A. H. Self, who made the inspection with Frederick Handley-Page, said there would be no statement "for at least ten days." He said the pair with Mission Secretary P. C. Bodin, will leave Thursday for Toronto.

JEWISH DOCTORS LOSING LICENCES

Over 6,000 Practising Physicians Affected by New Order Made in Germany

BERLIN, Aug. 2 (P).—All Jewish physicians in Germany are to be deprived of "approbations"—licences to practise—by an order published in the official Reichs-Gesetzblatt tonight.

The order briefly states that from September 30 all such licences will become void. It is further stated that the Minister of the Interior may grant exceptions allowing Jews to practise "until further notice."

The order adds that in exceptional cases maintenance grants may be allowed Jewish physicians "thus ousted from the profession provided they served at the front in the Great War."

The number of Jews this new drastic decree affects is estimated at between 6,000 and 7,000.

King Visits Boys' Camp in Rowboat

SOUTHWOLD, England, Aug. 2 (P).—The King came here in a rowboat today to visit 400 boys holidaying in the camp he sponsored for them. The King traveled from the Royal yacht to the camp in a rowboat. As he jumped ashore the boys mobbed him.

Storm in England Is Accompanied by Severe Heat Wave

LONDON, Aug. 2 (P).—Storms swept across Western England today, battering crops and felling trees, but most of the island sweltered in a heat wave. The most severe rainstorm in forty years flooded streets in the southwest corner of England to a depth of eight feet. Motorists had to use headlights during the day.

BAN LIFTED ON LOGGING

Operations Again Permitted in Certain Areas of Island and Mainland

VANCOUVER, Aug. 2 (P).—The British Columbia fire situation appeared easier tonight with reports of a decreasing fire hazard in the northern Vancouver district and an announcement by the Forestry Office that a ban against logging in that area had been lifted.

In addition to removal of the ban, Hon. A. Wells Gray, British Columbia Minister of Lands, announced that the situation with regard to the remainder of the Vancouver forest district would be reviewed "in the light of existing weather conditions" next Friday at Victoria.

The minister said a statement would be made at that time. The Forestry Office announcement said:

AREAS OPENED
"Closure of the area north of Knight Inlet on the Mainland and west of the 126th meridian and north of the 50th parallel on Vancouver Island has been lifted. All operations are now permitted in this territory, but the balance of the Vancouver forest district is still under closure."

The forestry report showed that so far this year, with the season half over, British Columbia has had 1,275 outbreaks against 725 last year and 712 the year before.

In the Vancouver forest district, which includes the big logging areas to date is 374 fires, more than of the Island and lower coast, the double last year's figure of 178.

IN GOOD SHAPE
Meanwhile, the serious blaze in the Fraser Valley, fifteen miles from here, was still in "good shape," according to reports received by the Forestry Office here.

A slight rain last night and early today somewhat checked the burn's spread, along with the efforts of 300 men.

HAIL CAUSE OF HEAVY DAMAGE

Loss Runs to Thousands of Dollars—Dozens of Chickens Killed

REGINA, Aug. 2 (P).—Hail which piled up three inches deep battered crops in a wide territory south of Melville to north of the Canadian Pacific Railway main line today to cause damage running into thousands of dollars.

Loss in the Neudorf district was put at close to \$100,000, when crops and gardens were hailed out 100 per cent and chickens killed.

The same storm brought heavy showers in an area extending from west of Regina to Weyburn and as far south as Weyburn. Heavy showers fell as far north as Southey.

At Neudorf, hail piled up three inches deep on the level in a storm which swept an area seven miles wide from Lemberg to Killaly and south of Melville. Fifty farmers had part or all of their crop and gardens hailed out.

On the farm of Fred Mohr, sixty-five chickens were killed by hailstones, and telephone lines to some areas were out of order.

At Lemberg, hail was a foot deep where it piled up against buildings and farms in the centre of the storm suffered 100 per cent loss.

HAIL STRUCK SOUTH OF MELVILLE but rain only fell in the town itself.

Gold Price At London Rises Again

LONDON, Aug. 2 (P).—A continued, unusually heavy demand for gold, attributed partly to uncertainty over the European political situation, shot its price on the London market today to the highest point since April 12, 1937.

The price touched 141 shillings, 8 pence (approximately \$34.75) an ounce. This was the figure reached April 12, 1937.

Continental hoarders bought £1,544,000 (about \$7,720,000) worth.

RUSSIANS ATTACK JAPANESE WITH MANY TROOPS AND ALL MODERN EQUIPMENT OF WAR

Japanese Claim Assault on Border of Russian Siberia Repulsed With Heavy Losses—Nearly Thirty Tanks Reported Lost by Russians in Engagements of the Week

Capitals Still Hopeful of Reaching Peaceful Solution

TOKIO, Aug. 3 (P).—Following night-long aerial and artillery bombardments, Soviet Russians hurled six divisions, supported by thirty tanks, against Japanese positions at Shachofeng at 6 a.m. today, according to an army communique. Japanese army sources said the Russians were repulsed with "heavy losses."

LITTLE HOPE OF SOLUTION

Viscount Runciman to Take Up Mediation Duties in Praha Tomorrow

PRAHA, Aug. 2 (P).—Pessimism veiled any Government hope tonight of settling Czechoslovakia's increasingly pressing German minority problem which Viscount Runciman is coming to study as an official mediator.

The main issue in Czech eyes is whether Czechoslovakia can tolerate a state-within-a-state by granting full autonomy rights to the 3,500,000 Germans within her borders, the measure of freedom demanded by Nazi spokesmen.

In view of the Sudeten German condemnation of the Government's proposed minority statute, offered to appease the Germans, Government quarters were none too optimistic that Lord Runciman's visit would bring the problem nearer peaceful settlement.

PROPOSAL INADEQUATE
Sudeten called the proposed statute "utterly inadequate."

Czech political circles said it was "becoming clearer and clearer" that a solution lies in Berlin. If Germany wishes to solve the problem peacefully it can be done, they said.

A fifteen-room suite was reserved for Lord Runciman and his staff, and conferences set for him with President Eduard Benes and Premier Milan Hodza on August 4.

The British representative will find preliminaries completed, indicating how far the Czechs will go in a solution of the problem.

Cathedral Is Damaged by Thunderstorm

TORONTO, Aug. 2 (P).—St. Michael's Cathedral was struck by lightning today as a terrific thunderstorm was unleashed over Toronto. Police and fire officials reported no other building was hit during the short storm.

A small piece of the cross surmounting the spire at the cathedral and a gargoye were dislodged by lightning and toppled to the ground. Several windows were broken, but no fire resulted.

During the brief storm which affected only the area within a half-mile of the downtown waterfront, a \$15,000 airplane burned near the Toronto air harbor after a backfire caused it to catch fire.

LATE NEWS BULLETINS

TORONTO TO ALLOW SPORTS ON SUNDAY
TORONTO, Aug. 2 (P).—Toronto's municipal tennis courts, lawn bowling greens and swings and, in winter, toboggan slides and hockey rinks, will in future be opened to the public on Sundays when the board of control passes an order to that effect some time this month, it was reported at the City Hall tonight. It was understood members of the city council already had agreed privately that there no longer was any justification for depriving citizens of park facilities on Sundays.

GERMANY MARKS OFF AREA OUT OF BOUNDS
BERLIN, Aug. 2 (P).—Germany today officially marked off border regions from which active foreign military men are barred, a new forbidden area including most of the remilitarized Rhineland. The entire section of Western Germany on the Rhine's west bank, adjoining the Netherlands, Belgium, Luxembourg and France, was made a prohibited region.

TRAVELING LONG DISTANCE IN ESKIMO CANOE
BARROW, Alaska, Aug. 2 (P).—Father Bernard Hubbard, making the longest trip in history in an Eskimo omiak, returned here today after an eastward jaunt and left immediately on a 1,000-mile journey to his King Island starting point. Father Hubbard said objectives of the trip—to show seaworthiness of the omiak—was skin-covered native canoe—and establish similarity of the Eskimo language along the Arctic Coast—already were gained.

VETERAN MOVS UP AFTER CORPS REUNION
TORONTO, Aug. 2 (P).—Police raided a suburban York township house today seizing 200 army blankets and arresting John Graham, thirty-nine-year-old war veteran, on charges of theft and receiving. Police said they had been notified of the theft of 300 blankets and 1,400 miles of tape from the Canadian National Exhibition grounds after the departure of Canadian corps members from their living quarters there.

YOUNG STOWAWAY ON FOURTH TRIP

New York Boy Found Aboard Liner in Caribbean Sea—Crossed Ocean Four Times

NEW YORK, Aug. 2 (P).—Thirteen-year-old Bobby Stapp, New York's "stowaway Magellan," sailed on the Caribbean Sea tonight toward a free ride record equalling the distance around the world.

The youthful sea-going hitchhiker was located aboard the Great Lines sixteen-day cruise ship Santa Elena when the vessel put in at Curacao, Dutch West Indies—his fourth stowaway junket in recent months. The ship left here last Thursday.

Here's his record:
Two trans-Atlantic round trips, 12,000 miles; voyage to Asamman and return, 1,400 miles; latest sixteen-day cruise, 5,900 miles. He's due home on August 13.

Primary Elections Held in Eastern and Mid-Western States

United States Administration Meets Both Victory and Defeat—Son of Former Ambassador to Germany Beaten in Virginia

WASHINGTON, Aug. 3 (AP).—Primary elections produced both victories and rebuffs yesterday for Democratic Congressional candidates who pointedly backed the New Deal in their campaigns. Outstanding among the returns was the 3-to-1 triumph of Representative Howard W. Smith, of Virginia, who has voted against key administration measures, over William E. Dodd, Jr., who proclaimed himself an "unswerving" Roosevelt supporter.

By a narrower margin, former Representative Colgate W. Darden, "Independent" Democrat in another Virginia district, unseated Representative Norman W. Hamilton, who had called himself a loyal supporter of the administration, despite a vote against the Reorganization Bill.

IN WEST VIRGINIA
In West Virginia, however, it was a different story. There, three Democratic members of the House who have consistently supported the President—Representatives Ramsey, Edmonson and Johnson—received comfortable leads on the basis of slow accumulating returns.

Senator Clark (Dem., Missouri), a frequent critic of the New Deal, won re-election easily, and Senator McGill (Dem., Kansas), a consistent administration backer, triumphed just as handsily.

CLERGYMAN TRAILING
In Kansas, Rev. Gerald B. Winrod, denounced by clergymen and political leaders for "Nazism," was running third in a four-way race for the Republican Senatorial nomination.

Former Governor Clyde M. Reed was leading with 34,442 votes, followed by Dallas Knapp with 22,944. Winrod with 18,150 and Rev. J. C. Fisher with 8,907.

The count was on a basis of 914 of the state's 2,708 precincts, but Reed's victory was considered certain by his supporters.

FORMER STUDENT TAKEN BY DEATH

John H. Lockhart, University School Pupil, 1926-29, Succumbs in Winnipeg

Death at his home in Winnipeg after a lingering illness wrote an end to the promising career of John H. Lockhart, aged twenty-seven years, who attended University School in Victoria, 1926 to 1929, and was active in cricket and Rugby circles.

The only son of Robert Lockhart, chief supervisor of the Canadian Pacific Railway's news service for Western lines, he was graduated with the engineering class from the University of Manitoba in 1934, and was active with the basketball and football teams of the engineering faculty at the university.

Seized with a kidney infection some years ago, he faced the inevitable with extraordinary fortitude. His work with the Actimist Club, of Westminster Church, Winnipeg, was well known, and Rev. J. Dick Fleming, of that church, conducted impressive funeral services at which Miss Frances Davidson sang his favorite hymn, "In a Garden." Six of his friends were pallbearers: Cedric White, Edward and Richard Sellers, George Hansen, Jack Greba and Al Fryer.

SUN AND LIGHT ARE DESCRIBED

H. Boyd Brydon Addresses Astronomical Society Study Group

Of what elements is the sun composed? What is the sun's bulk, diameter, and distance? Why does the sun look different at sunrise and sunset? Why is the sun red at sunset? Why is the sun blue and why are clouds white? What is the aurora? What are sunspots, and do they affect the earth?

These and other questions concerning the sun and light were discussed in an interesting way by H. Boyd Brydon at the meeting of the Summer study group of the Victoria Centre of the Astronomical Society of Canada Monday night, when he used about fifteen lantern-slides to amplify his material. He also addressed his audience to read Auctus "Sun Lore of the Ages," Stetson's "Sunspots and Their Effects From the Human Point of View," and other books that would be found in the astronomical section of the Victoria Public Library.

The evidence is that sunspots do affect the earth. Because of this, efforts are being made to use the sunspot cycle as a basis of long-range weather forecasting. It is beginning to seem possible that within a few years we can forecast weather conditions much better than it is now possible," said the speaker. It was becoming fashionable to attribute many things and happenings to sunspot influence.

While referring to the interest of Stetson's book mentioned above, Mr. Brydon warned readers not to take the author's conclusions too seriously. The whole study was too recent and the statistics, while giving evidence of influence on auroras and tree-growth, were still too few for reliable conclusions to be drawn.

PURE ILLUSION
The apparent largeness of the sun at its rise and setting were pure optical illusion. And the redness was due to the fact that the molecules of the air absorbed the blue light and only the red light came through.

The nature of light was explained. Light was composed of light-waves of various wave-lengths, those determining color. The analogy between light and sound was shown, color corresponding in its origin to tone-pitch in sound, resulting from long or short sound waves.

SUN'S REDNESS
The sun was red for the same reason that the sky was blue. The air was composed of molecules of different sizes, and while these were exceedingly small, light waves were also small. When the white light from the sun reached the earth's atmosphere, the long waves of light, the long waves of light, were scattered, and poured on to the little molecules of air, which reflected the blue light back. The reason why the sun was redder when setting was that at sunset its light came very much further through the earth's dust-laden air. The blue light, and much of the green and yellow light was scattered, leaving only the red light to come through.

The sun was 864,000 miles in diameter. It would take about 1,300,000 globes the size of the earth to equal the size of the sun, which is 93,000,000 miles distant.

SHAWNIGAN SCHOOL PROPOSALS APPROVED

SHAWNIGAN LAKE, Aug. 2.—A special meeting of the ratepayers of the Shawnigan Lake School District was held in the school on Monday evening with forty-five ratepayers present. Inspector W. G. Gamble was present from the Department of Education. The two matters brought before the meeting and voted upon, dealt respectively with the forming of a rural high school area in the district now served by the Cobble Hill High School, and the proposed purchase of H. Joyce's field as a school site. After discussion on both issues the meeting voted in favor of the rural high school area, and in favor of purchasing the property. H. E. Hawking acted as chairman of the meeting.

WAS RESIDENT OF LADYSMITH
Mrs. Ernest W. Skelch Passes Away at St. Joseph's Hospital—Was Born Here
The death occurred yesterday at St. Joseph's Hospital of Mrs. Lillian Grace Skelch—wife of Ernest W. Skelch, Ladysmith.

Born in Victoria, Mrs. Skelch was educated at Craigflower School, and had many friends in the city, although she had lived in Ladysmith for some years. She was a member of Victoria Chapter No. 17, Order of Eastern Star, and also of the Ladies' Auxiliary of the Army and Navy Veterans' Ladysmith.

She is survived by her husband; one son, Clifford E. Skelch, Oakland, Calif.; her father, J. J. Wilson, Sr., Victoria; two brothers, J. J. Wilson, Jr., and C. S. Wilson; and four sisters, Mrs. J. Owens, Mrs. F. West and Mrs. B. H. Aaronsen, all of Victoria, and Mrs. E. Harris, Armstrong, B.C.

The funeral arrangements are to be announced later.

NEW HIGH SET IN FIRE TOLL
Past Week Worst in Annals of Department—Situation Still Acute
The past week has been one of acute hazard, and probably one of the worst in the annals of the department. All districts report extremely hazardous conditions. Vancouver Island and the South Coast, particularly. In these words the Forest Branch of the Provincial Department of Lands yesterday summed up the fire situation in the Province as a whole.

Officials of the service stated that the rains of the previous day had been mainly local, and at Courtenay only a light shower had fallen. Hon. A. Wells Gray, Minister of Lands, said all danger was not yet past. He himself will leave for Comox today to study at first hand the conditions left by the Campbell River blaze.

GAIN IS SHOWN BY CITY TAX OFFICE FOR SEVEN MONTHS

COLLECTION OF current taxes from January 1 to July 30 totaled \$716,056.09, an increase of \$41,082.39 over the \$674,973.70 on hand at the end of July last year, according to figures furnished by George A. Okell, city assessor and collector. On account of taxes in arrears, \$130,283.32 was on hand at the end of last month, a decrease of \$6,562.71 under the \$137,283.32 received between January and July in 1937. Mr. Okell pointed out the reduction in the collection of taxes in arrears this year was due to a decrease in the amount of taxes outstanding.

TELLS OF TOUR IN OLD COUNTRY
G. H. Stevens Relates to Kiwanis Club His Experiences in London and Elsewhere

The people of Great Britain were very much attracted to Canada and expect great things of the country. Just at present there was a feeling in the Old Country that things were in a state of flux, but the opinion prevails that in a short time conditions are bound to be materially improved for all parts. This was the way G. H. Stevens yesterday described the situation as he found it in the Old Land during his recent visit.

Mr. Stevens spoke at the Kiwanis Club luncheon in the Empress Hotel on his tour and in the limited time at his disposal gave his impressions gleaned during his two months in the Old Land.

The speaker recalled some of the troubles that were experienced by one accustomed to driving a car in this country when he attempted the job in London and other crowded cities of the Old Land. This was made more troublesome in view of the narrow and crooked streets which were met with there.

The City of London was one where something was in progress all the time. The Lord Mayor on an average attended 1,000 functions during the year. There was always something in evidence.

Mr. Stevens visited the courts in London and other points of interest, with a tour of Wales and Scotland added. On a visit to the fish market in Aberdeen, which the speaker got up early in the morning to attend he found the Scottish vendors were ready to provide less objectionable names for certain kinds of fish in order to make them more saleable.

MOTORIZING BATTALIONS
LONDON, Aug. 2 (CP-Havas).—A number of transformed infantry units, to be known as "motor battalions," will be incorporated in the reorganized home forces, War Secretary Horne-Bellish announced today. The motor battalions will be taken from home infantry regiments and given special training with motorized armored car units.

NORWEGIAN CONTRALTO SINGS HERE
Notable among the musical programs presented at the Summer School of Education this term will be the concert by Ellen Rapp, distinguished Norwegian-American contralto, who will sing at 8 o'clock this evening at the Victoria High School.

Miss Rapp has studied with the celebrated coach and composer Monrad Johansen, in Norway, and while in Europe gave a recital in the famous Mollerum at Salzburg with Richard Hageman, noted conductor of the Wagnerian Singers, as her accompanist. Returned to New York she sang with marked success, the leading contralto role at the Musical Festivals of Great Barrington, Mass., Plainfield, New Jersey, and in Westchester County, with the Philadelphia Philharmonic Orchestra.

The New York Graceland Society chose Miss Rapp to sing the contralto part in "The Messiah" at Carnegie Hall last season, and she returns after her Western tour for a Town Hall concert and other engagements.

Her programme includes songs by the contemporary composers, Wolf and Von Tschke, an English group, the aria, "Amour, viens aider," from "Samson and Delilah" (Saint-Saens), three numbers by Edward Greig, for which Miss Rapp has become noted, and closing with four pleasing numbers by American composers.

SOCIETY WILL SHOW AT FAIR

Victoria Horticultural Association to Exhibit Flowers and Vegetables

The Victoria Horticultural Society will enter a floral and a vegetable exhibit in the Fall Fair at the Willows, it was decided at the meeting of the society in the council chamber at the City Hall last night.

S. W. Raven gave an interesting outline of the cultivation and preparation of the chrysanthemum for show purposes and intimated the popular flower would not be as good in quality this year as in previous years, and because of the advanced quality it might be necessary for the officials of the society to advance the date of the annual show in order to obtain the best quality for exhibition.

GARDEN CONTEST
Some criticism was voiced by members concerning the system of judging the annual home garden competition. It was stated one day was not sufficient for judging purposes, and it was suggested the judging be made to cover three months with one inspection each month during May, June and July. It was further suggested the point system be used and that certain classification be made for fixed places in a garden that were more or less of a permanent nature. The members decided to leave the whole matter in the hands of the executive to appoint a committee to propose a new system for next year in the hope of reviving the interest in the competition.

Francis Turner was elected a member of the executive to fill a vacancy caused by the resignation of H. O. Simpson on his elevation to president of the society.

A. R. Sherwood gave a short informal talk on some species of garden pests, dealing particularly with the earwig and methods being used to control it. Results of the monthly competition were announced as follows: Cladwell, A. Mitchell; novice class, Mrs. Marshall, Caulflower, 1. C. S. Durman; 2. D. Snobell; novice, 2. D. Tuckwell.

FRANCO-GERMAN ACCORD REVISED
Commercial Agreement Includes Province of Austria Within Scope of Pact

BERLIN, Aug. 2 (AP).—A Franco-German commercial agreement was concluded here tonight, revising and extending for one year the trade accord of July 10, 1937, and providing for inclusion of the Province of Austria within the economic and financial scope of the pact.

Negotiations also provided for assumption of the payment by Germany of the guaranteed Austrian loans of 1933 and 1934, and also included financial adjustments such as revision of interest rates on the French subscriptions to the Dawes and Young plan reparations loans.

HEROIN IN BIBLES
JERUSALEM, Aug. 2 (CP-Havas).—A haul of eighty-one Bibles with heroin packed into their bindings was made by police tonight. Authorities said the find, worth more than \$10,000, was linked with the international narcotic ring believed uncovered by the recent arrest in Paris of Isaac Leifer, self-styled "Grand Rabbi of Brooklyn," suspected of smuggling drugs from France to New York and Jerusalem.

VETERANS' PICNIC DATE ANNOUNCED
British Imperial Comrades Will Hold Annual Outing at Elk Lake on August 7

Completion of plans for the annual picnic of the British Imperial Comrades Association was announced last night by B. F. Soed, past president of the organization. The outing this year will be held at Elk Lake on August 7.

Mr. Soed issued a cordial invitation, on behalf of the association's executive body, to all Imperial ex-soldiers and their families, as well as to widows of ex-soldiers and their children. Buses have been arranged to pick up the picnic party at 10:30 a.m. outside the Henry Building on Government and Broughton Streets.

Apart from a varied sports programme, ice cream will be given to the children while tea, sugar and milk will be provided for the parents. The past president expressed the wish that all members wishing to attend would get in touch with the entertainment committee of the association immediately.

WILL INSPECT ALASKA ROAD ROUTE BY AIR
WASHINGTON, Aug. 2 (AP).—Louis Johnston, assistant United States Secretary of War, announced today he would leave in mid-August on an aerial inspection trip to Alaska, to study the projected Seattle-Fairbanks Highway and establishment of an army air base.

Premier Pattullo of British Columbia has been negotiating with administration officials for United States aid in the construction of an all-weather road through British Columbia and the Yukon Territory.

CONTROVERSY IS TO BE CONTINUED
A lay organization. The paper added it did not "believe supreme forces can make common cause with Catholic action which, according to the concordat, must not concern itself with political problems which interest the State."

The authoritative Fascist writer, Virginio Giarda, in Il Giornale d'Italia, defended in turn the "Universality" of the Fascist race theory, formulated July 14. The race doctrine declared Italian are an Aryan race, and Jews do not belong to it.

Former Mussolini's Milan newspaper, Il Popolo d'Italia, cited the influence of Roman civilization on the Jews and the Yukon Territory.

H.M.S. York Will Enter Esquimalt Drydock Tomorrow

H.M.S. York will be towed into the Esquimalt Government Drydock at Esquimalt tomorrow morning at 8:30 o'clock, it was learned yesterday, for propeller repairs, some slight damage having been sustained when the ship hit a submerged log while cruising in British Columbia waters. Yesterday workmen were busy preparing for the docking of the cruiser.

HORSE SHOW TO BE BIG EVENT

Trick-Riding and Spectacular Stunts Will Be Seen At Fall Fair Here

Trick riding, spectacular stunts and funny antics will make up the programme that has been arranged for each night of the horse show at the Willows Exhibition, September 10 to 17 inclusive. It was announced yesterday by W. H. Moans, secretary of the British Columbia Agricultural Association.

The appearance of the Arabian horses at the show last year was such an outstanding success that the British Columbia Agricultural Association decided to give the public something equally as thrilling, and yet different from an entertainment point of view.

A REAL RODEO SHOW
As a consequence, riders from the Diamond W. Ranch in Ellensburg, Wash., will be brought here to put on a real rodeo show. Four acts in all will be provided, and these acts will be interspersed between the various horse show competitions, which, in themselves, have always proved an outstanding attraction.

The first act will comprise trick and fancy roping in which two outstanding ropers will perform spectacular horse catches. Some of their feats are as follows: Acrobatic catches, somersaults, three loops and catching horses standing on head and catching horse, and catching six or eight horses at one time.

SADDLE BRONCO RIDING
Saddle bronco riding will consist of eight or ten good, thrilling bucking horses mounted by expert cowboys, who will put their mounts through their paces.

A cowboy clown and mule will provide five minutes of funny antics which also will be daring and spectacular, while trick and fancy riding, performed by skilled riders who have performed and competed at all the big rodeos on the coast, will complete the programme.

to meet minority demands. Still hanging fire are face-to-face talks over the proposed laws.

TO MEET TODAY
A Sudeten party delegation is to be received by Premier Hodza tomorrow to begin discussions.

Back of the nationalities statutes advanced by the Government is the equality of all citizens before the law.

Konrad Henlein, Sudeten leader who has Germany's support, on the other hand wants equality of national groups, such as the Germans, Czechs, Slovaks, Poles, Hungarians and White Russians who make up the ethnic patchwork of landlocked Czechoslovakia.

The Sudeten leader also demands his party be given a corporate status, meaning it alone would represent Germans in Czechoslovakia and alone could administer its own affairs.

Naval Veterans Hold Reception for Teams From British Cruiser

Vice-Admiral Sir Sidney Meyrick, of H.M.S. York, Distributes Sports Prizes at Smoker Held in Chamber of Commerce Auditorium

CLIMAXING a programme that held the rapt attention of 500 members of the Naval Veterans' Branch of the Canadian Legion, visiting officers and boat crews from H.M.S. York, Canadian destroyers St. Laurent and Fraser, and officers and men of the naval barracks, Vice-Admiral Sir Sidney Meyrick last night presented trophies won this week for inter-naval unit football and boat races in Esquimalt. The smoker was held in the Chamber of Commerce auditorium, under the Naval Veterans' auspices.

Thunderously applauded when he rose to speak, Vice-Admiral Meyrick smilingly expressed regret that teams from H.M.S. York had not won more events in the sports meet, but added that "it will provide an incentive to bring them back again soon to try their luck once more." He recalled days when he was a shipmate of F. L. Elliott, retired lieutenant-commander, and now manager of the Naval Veterans' Club here.

Other guests at the head table were Commanders C. T. Beard and R. Woods, Alderman W. Lloyd Morgan and Lieutenant-Commanders M. A. Woods, H. G. Kingsley, Tisdale, Hart, Edwards and McMaisters.

Speaking on behalf of Hon. Eric W. Hamber, Lieutenant-Governor, Lieutenant-Commander Donaldson welcomed the visiting officers and crews.

The prize awards followed a series of hilarious skits and more serious songs capably presented by local artists and members of the York's crew. The refreshment committee

In charge spared no efforts to make the function a success.

Outstanding among the other capable performers was a series of songs by A. B. Tong of H.M.S. York, and an act put on by "Yorky" Bourke, Victoria ventriloquist, with the aid of a spitfire dummy. Tong was forced to return to the stage for three encores by the delighted audience.

Other numbers that rounded out a well-planned programme were songs by A. Harman, a flute solo by Len Foster, a puppet show by J. Gow, and an English concertina and violin duet by W. Anderson and W. Holmes.

At the beginning of the smoker, President H. R. Dave presented a traveling bag to H. Temple, long a member of the branch in Victoria. Mr. Temple will leave for the Mainland shortly.

Committee in charge of staging last night's performance were G. A. Renton, master of ceremonies; A. B. Ford, J. Whitcomb, H. Temple, H. Caton and J. Dennison.

Charged in the city police court yesterday morning with unlawfully by false pretences obtaining goods to the value of \$194 from W. & J. Wilson, Charles M. Pearce was remanded until Thursday. He was represented by A. J. Patton.

Pearce was also remanded until the same day on a charge that he stole an electric razor under the value of \$25 from F. G. Walker.

YOUNG VICTORIAN HEARD OVER B.C.C.

Eleven-Year-Old Enid Middleton Sang in Radio Broadcast From London

The voice of Enid Middleton, eleven-year-old daughter of Mr. and Mrs. William Middleton, 545 Beta Street, Victoria, was heard over the British Broadcasting Corporation from London last Saturday. Local listeners received the programme by short wave.

According to information in a letter to her sister, Bessie Middleton, the young singer had been selected from among the semi-finalists of a weekly contest to perform on Madame Pauline's programme.

Enid, who is spending the Summer in Great Britain, accompanied by her mother, visited the Empire Exhibition in Glasgow recently. They are expected in Victoria during the middle of September.

The young vocalist has sung on several occasions over the radio and the Show Boat here. She was also given special mention during this year's Musical Festival.

The Premier said he would report at his office in Toronto Friday, and Mr. Smith said he would be in New York by Saturday. The Premier hopes to visit Premier Pattullo in Victoria before flying back to Ontario.

New Radium Threads Used in New York in Treatment of Cancer

Advantage in Latest Method Lies in Certainty of Placing Curative Material in Precisely the Best Locations

NEW YORK, Aug. 2 (AP).—Invention of radium threads, a new method of treatment for cancer, was announced today at the New York City Cancer Institute. The threads are made by taking ordinary "sutures" used by surgeons for sewing up wounds, and inserting in them, spaced like beads, tiny gold or silver "seeds."

The seeds, long used in cancer treatment, contain radon, the gas from radium, which gives off exactly the same rays as radium.

The seeds are so small that the surgical radium thread is smooth enough to be sewn into, or around a cancer. The advantage for the "thread radium," according to its originators, Dr. Fred Hanes and associates, is the certainty of placing the curative substance in precisely the best locations.

The seeds are spaced, as a rule, from a half to one centimeter apart. Another use of the radium thread is for cancer of the stomach. The threads are placed in rubber bags, using it so as to cover a surface about equal to the cancerous area of the stomach. The bag is deflated, swallowed, inflated, and the patient has the radium threads more or less blanketing his "lesion."

The radium threads are sterile, like ordinary surgical sutures, and hence safe for use in any part of the body.

Repeatedly, Moscow warned Tokyo of the grave consequences of continuing the Changkufeng conquest.

Soviet troops, therefore, were stubbornly standing their ground.

Leaders Lift as Tide Turns in New York Mart

NEW YORK, Aug. 2 (AP)—Buying of relatively modest proportions, centering in motors and steel, turned the stock market tide today and lifted leaders fractions to more than three points.

Late profit taking cut down top marks, but many issues, particularly specialties, ended at or near peak levels for the day.

While the market yesterday seemingly paid little attention to a jump in steel production, purchasing of shares in this division today was thought to have been partly the result of related study of the output upturn. A hoist in steel scrap at Chicago was a factor.

Motor stocks also were believed to have been buoyed by the action of General Motors directors late Monday in voting the regular dividend of 25 cents. Although this had generally been expected, Wall Street expressed pleasure at the declaration and interpreted the payment as an indication the management had confidence in the outlook for sales later in the year.

The market, set off to a lower start, but soon began to point higher and the forward tide with occasional standstills, was maintained from then on.

Transfers totaled 817,650 shares against 586,510 the day before, which was the lightest in more than six weeks. The Associated Press average of 50 stocks was up 5.3 points at 492.

Although some industrial lines trailed new 1938 highs, the trend was generally toward lower levels in the bond market today.

U.S. Government obligations ranged from 8 1/2 to 10 1/2 points, with 5-year maturity to 2-3/4 gain in others.

Selling in the foreign market was caused by report of Russo-Japanese loanings, Japan 6 1/2-2 1/2 lost 1/2 to 67 1/2 and the 5-1/2 lost 1/2 to 67 1/2.

MINES GAIN IN TORONTO MARKET

TORONTO, Aug. 2 (AP)—Mining shares registered a narrow advance today on Toronto stock market and industrial and Western oils fell back for minor losses. Turnover totaled 962,000 shares.

The day's outstanding feature was again Preston East Dome with an advance of 13 to 181. The day's high price was 185. Kerr-Addison, another heavy trader, slipped to 213, but came back and advanced 18 net to a new high at 245. The close was up 4 to 10 for Masden, Cariboo McWatters, Sheep Creek, Strathcona, Selkirk and Wright Hargreaves.

Dome advanced to a new high. A few weak issues were Cheterville, Hard Rock, Macassa, Little Long Lac, Macleod-Cockshutt, O'Brien, Pamour and Perron.

Nickel and Noranda and Smelters were down a point. Waite-Amulet firmed up sharply to 810, but closed at 795 for a net gain of 35.

National Steel Car went on to a new high at 67 and held a net gain of 31-4 at 661-2. The Massey-Harris issues lost 1-2 to a point.

Losses of minor fractions were showing finally for the inter-related leaders, C.P.R., Canadian Pacific, B.A. and B.A. Co.

Western oils were irregular in their movements. Royalite advanced a point to 48 and Home and Calgary & Edmonton dropped 4 to 7.

CANADIAN XI RETAINS CUP

R.C.N. Blanks H.M.S. York, 4-0, in Annual Soccer Match at Athletic Park

The handsome Naval Veterans' Trophy, played for annually by soccer eleven from visiting British cruisers and the Royal Canadian Navy, will rest at Esquimalt for another year. The Canadian blue-jackets retained the silverware yesterday when they defeated H.M.S. York, 4-0, at the Royal Athletic Park. All of the goals were scored in the opening half.

Head-headed Alex Ross, shirt and speedy centre forward, led the Canadian side to victory over their British rivals from the old country, by bagging three of their four markers. The fourth came from the toe of Bruce Robinson, centre-half, who scored from a penalty kick.

R.C.N. was the better team and certainly was deserving of victory. They swung the ball around nicely, moved faster than their opponents and frequently blocked the slow-moving H.M.S. York forwards when they became dangerous. The visitors played a short-passing type of football and literally tried to walk the ball into the net. They did shoot more in the second half, but Louis DeCosta, smart R.C.N. goalie, positioned himself nicely and never really looked like being scored upon.

The eventual winners scored in the first thirty seconds, but the goal was disallowed for offside. However, they came back with their first marker at the ten-minute mark when Alex Ross' long drive took goalie Eviechik by surprise and the ball hit the net.

R.C.N. went two goals up when Bruce Robinson registered from the spot after a foul was given against H.M.S. York when Cockrill was fouled inside the penalty area. Ross widened the margin when he sagged the hem following a corner kick and then wound up the scoring with another goal late in the half.

H.M.S. York had scoring chances in the first half, but their method of attack lacked aggressiveness and their forwards tried to walk the ball into the goal instead of shooting.

The Old Country lads did look a little better in the final canto, and were unfortunate in not scoring at least once. R.C.N. holding a 4-0 lead, posed up a chance to widen their margin in the second session when they failed to take advantage of a penalty Ross deliberately kicking the ball wide of the goal. In this session the visitors played their opponents offside frequently and many kicks were given against the Esquimalt lads.

Mrs. J. E. W. Oland, wife of Commander J. E. W. Oland, R.C.N., kicked off the ball to start the match. George Reinton, chairman of the ways and means committee of the Naval and Army Sports Association, presided over the ceremony.

P. C. Shrimpton refereed and the teams were:

R.C.N.—L. DeCosta, McDonald and Kennedy; Sandi, Robinson and Gannon. Geddes, E. DeCosta, Ross, Cockrill and Walker.

H.M.S. York—Eviechik, Norman and Phillips; Doyle, Charville and Tong. Lakeland, Sherry, Gould, Longshore, Mitchell and Terry.

Arion Club to Assist Worthy Cause Friday

The Arion Club's annual outdoor concert in aid of some charity of the club will take place from the steps of the Parliament Buildings on Friday evening at 8 o'clock, and not, as previously announced by the club, in Beacon Hill Park.

A feature of the programme will be the music by the Harmonica Ensemble of H.M.S. York, novelty which is guaranteed to give a fillip to the entertainment, as there are about twenty mouth organs in the group.

Philip Hughes, associate conductor of the Arion Club, will conduct the club members on this occasion, and nurses from the Royal Jubilee Hospital, by permission of the director of nurses, Miss Mitchell, will have charge of the collection, the proceeds of which will go to hospital work.

CO-OPERATION IS ADVOCATED

Directors of Scottish Society Explain Principles to Meeting Here

The principles of the co-operative movement and the growth of co-operative societies in Scotland formed the subject of interesting talks given under the auspices of the Co-operative Consumers' Society, Victoria, in the Y.M.C.A. last night.

Both speakers declared that they could see no reason why the co-operative idea should not succeed in this part of the world, and complimented the local society on its store in the city, which they described as the nucleus of a flourishing society.

Referring to the country-wide activities of co-operative societies in Scotland, Mr. Davidson stated that out of a population of 4,500,000, it was estimated that 3,600,000 persons were inside the co-operative movement. Although in Scotland there were no towns or villages, even in the most remote parts, that did not have a co-operative branch.

PRODUCTIVE ACTIVITY
The trade of the co-operative societies of Scotland last year totaled \$193,250,000, Mr. Davidson said. The movement was not confined solely to buying and selling goods, and were operated throughout the country, paying their employees at rates well above the union scale, and producing everything from boots and shoes to coffins and grave-stones. He mentioned that the co-operative movement had saved \$7,500,000 worth of grain from Canada.

Co-operation can just as easily be developed in Canada. Co-operation is the law of life, the individualistic system has broken down, Mr. Davidson declared. The meeting was presided over by Rev. Bryce H. Wallace. The operations of the Victoria society were briefly described by David Peirce, manager of the local store.

Foreshore Must Be Vacated at Brentwood Bay

In effort by the Brentwood Bay Parks Board to clean up the waterfront on the Brentwood Bay foreshore, owners of thirty-four boats and shacks in that region have been given notice to vacate by September 15 and remove their buildings from the place. E. Sladen secretary, said yesterday.

It is proposed to carry out improvements along the shore, with the aid of the municipality after the buildings have been removed.

If owners do not comply with the order, the board is empowered to treat the buildings as a nuisance to the owners, it was said.

The Parks Board was set up by the Provincial Government a few months ago to deal specifically with the problem of the Brentwood waterfront. Its jurisdiction covers the area between high and low water marks.

Obituary
CHRISTIE—Many sympathetic friends attended the funeral of John Christie yesterday afternoon from Haywards, B.C. Funeral Chapel, R. Sutherland conducting the services. The hymns "Rock of Ages" and "Peace Perfect Peace" were sung. An abundance of beautiful flowers was received. The funeral was held at the funeral home of the pallbearers: J. Stewart, G. Fane, F. W. Walker, H. Morgan, J. Smith and F. Jewkes. The remains were laid at rest in the family plot in Rose Bay Cemetery.

STEWART—A private funeral was held Tuesday afternoon for the infant daughter of Mr. and Mrs. Gordon Stewart, 2519 Broadway, who died Tuesday. Burial was made in Colwood Burial Park.

PITE—Funeral services will be held this afternoon at 2 o'clock in St. Mary's Church, Oak Bay, for Norman Frank Pite, Rev. R. Comley will conduct the services, after which interment will be made in Colwood Burial Park. McCall Bros. will be the directors of the services.

City and District

Boat Found—Provincial Police found a rowboat containing a pot and pans, but no cars, off Sooke.

Nine Fined—Nine motorists who pleaded guilty to charges of parking over the hour limit were each fined \$2.50 in the city police court yesterday morning.

Passes Tram—A motorist who pleaded guilty of a charge of passing a street car while passengers were disembarking was fined \$15 in the city police court yesterday.

To Settle Here—In a letter to the City Council, C. Kirtel, Parkstone, Dorset, England, asked for information on the city, stating that he intended to settle here.

After Cafe—D. G. Hoag secured \$500 cash building permit yesterday to carry out alterations to the Hongkong Cafe at 550 Fingard Street for the Morley Company.

Car Pilfered—R. Pears informed police yesterday that two glass side-wings and two fender guides were stolen from his automobile while it was parked at Yates and Quadra Streets.

Receive Copy—A Provincial Order-in-council approving of the city police court magistrate's salary has been passed, according to a copy of the document received at the City Hall yesterday.

Suggests Sign—Harold F. Gent, 2340 Howard Street, has written to the City Council suggesting that a stop sign be placed on Bay Street at the intersection of Shelbourne Street.

Returning Town—Hon. W. J. Aseltine, Minister of Mines, is expected to return to his office in the Legislative Building today. Mr. Aseltine was confined to hospital in Vancouver for a few days suffering from bronchitis.

Fire Alarms—A roof fire at the corner of Skinner and Russell Streets was extinguished by the city fire department at 11:27 yesterday morning, and at 1:53 p.m. the firemen put out a grass fire in the 1300 block on Gladstone Avenue.

Cars Collide—Automobiles driven by M. Campbell, 2085 East 40th Avenue, Vancouver, and Wong Chuan Fung, 817 Pandora Avenue, collided at Pandora Avenue and Amelia Street at 9 o'clock yesterday morning. Both machines were damaged.

New Dwelling—Limey Brothers, Ltd., secured a \$4,000 city building permit yesterday to erect a two-story seven-room dwelling for Captain A. M. McDonald at 690 Dallas Road. The house will have five and oak floors and stucco exterior walls.

Naming Contest—August 13 has been appointed by Hon. Gordon S. Warner, Attorney-General, as the closing date for the contest for a suitable name for the institution to be located at Burnaby in connection with the Government's new youth rehabilitation scheme.

Fall Syllabus—Fall syllabus for boys' work at the Y.M.C.A. will be issued at the beginning of September, Frank Paulding, general secretary, announced yesterday. The work of compiling the programme will begin as soon as Coach Archie McKinnon returns from holidays.

Wrong Address—An abandoned taxpayer mailed a cheque for \$170 to the city treasurer, presuming to cover his 1938 taxes. It did not take the treasurer long to find out that the money should have gone to Vancouver; so the cheque was returned to the sender yesterday.

Describes Tour—At a meeting of the Victoria Associated Radio Technicians in the Y.M.C.A. on Monday night, A. S. Deany, of the Standard Furniture Company, gave an interesting description of a recent world tour. Mr. Deany illustrated his talk with an excellent collection of pictures in natural color.

Charge Dismissed—A charge against James Tylor of unlawfully assaulting Mrs. Myrtle Butterworth on July 23 was dismissed by Magistrate Henry C. Hall in the city police court yesterday. "Tylor is in a bad state of health, and you are putting him under a strain dangerous to his life. Don't you think you had better forget the charge?" the magistrate asked.

Convention Delegates—Delegates from the various branches of the Canadian Legion in Victoria will leave for Vancouver this afternoon to attend the annual convention of the British Columbia Command of that body. The convention will continue until Saturday, August 6.

The nature of the resolutions to be submitted by the local branches has not yet been disclosed.

Fire Protection—Equipment for fire protection purposes at Zehnder's, an abundance of beautiful flowers was received. The funeral was held at the funeral home of the pallbearers: J. Stewart, G. Fane, F. W. Walker, H. Morgan, J. Smith and F. Jewkes. The remains were laid at rest in the family plot in Rose Bay Cemetery.

BROWNED IN LAKE
LONDON, Aug. 2.—A 40-year-old man was drowned in a lake near Windsor, Ontario, when a motorboat carrying him and a companion was overturned. The body of the man was recovered and the motorboat was found nearby.

Submit Brief—North Canadian and the British Columbia Railway Board plan to submit a brief to the Union of British Columbia Municipalities' convention urging that a committee be appointed to collect data and prepare argument with reference to the best methods of raising funds for educational purposes with a view to relieving and improving the cost of education now charged against them.

City and District

Cars in Collision—Two cars were in collision at 11:20 last night at Vancouver and Yates Streets, causing slight injuries to the occupants. According to a police report one of the cars was driven by R. G. Morley, 431 Arnold Street, and another car owned by Joe Benley, 121 Fort Street, collided. The force of the impact overturned the latter machine and the driver received a bruised right cheek.

Telephone Increase—The number of telephones in use in the city of Victoria is showing a rapid increase. The records disclose that on January 1, 1937, the number of telephones in Victoria homes and offices was 16,450. On the corresponding date one year later, the number had reached 17,177. The increase of 727 telephones is shown in comparing the figures on July 1, when 17,435 telephones were in use, and again on August 1 the number had reached 17,522.

Collections Made—The sum of \$116.23 was collected on Monday and Tuesday by Joseph North in aid of the Children's Christmas Fund for their third annual Christmas dinner to be held at the Armories. The cost of this dinner will be between \$600 and \$800. Mr. North asks the public to support the cause generously during the next few days in order to swell the present proceeds.

It is announced the public is cordially invited to attend the kiddies' picnic on Wednesday, August 17, at the Willows Beach.

Enlarging Parish Hall—The parishioners of St. Mark's Church, Victoria, are very busy these days enlarging their parish hall. The plans call for the erection of a large stage to be added to the east end of the present building, two modern dressing-rooms with modern conveniences, and a large billiard room. When completed, the hall will be one of the largest and best equipped halls in the community. Practically all the work is being done by members of the church, and it is fully expected that the hall will be ready for the Fall activities.

Enlarging Parish Hall—The parishioners of St. Mark's Church, Victoria, are very busy these days enlarging their parish hall. The plans call for the erection of a large stage to be added to the east end of the present building, two modern dressing-rooms with modern conveniences, and a large billiard room. When completed, the hall will be one of the largest and best equipped halls in the community. Practically all the work is being done by members of the church, and it is fully expected that the hall will be ready for the Fall activities.

CHINESE-CANADIAN FORUM
The Midsummer social of the Chinese-Canadian Interdependence Youth Forum was attended by over fifty members and friends last evening. A number of musical games were played, conducted by Miss Kathleen Irvine. Prizes were won by Jessie Nye, Phyllis Beshchiza and Dora Hope. Community singing was led by Lorne Ritchie and Bessie Hope. Among those who were later introduced were Herbert Chan, Dan Allen, Archie MacKinnon, Don McLaren, Violet Loe, May Lee and William Chow. Refreshments, consisting of Chinese delicacies, were served. After a hearty vote of thanks was accorded the hosts and hostesses, Maurice Chan, Herbert Chan and Esther Chan, Rev. Clarence Lee of the Chinese Anglican Church, pronounced the benediction. The nomination of Ying Hope, Joan Louise Henry and Jack Tang as new forum members was heartily accepted.

Anniversary Of Wedding Is Observed

The silver wedding day of Mr. and Mrs. W. E. Skett, Lee Avenue, was the occasion of a largely attended reception yesterday afternoon and evening, when many friends called to express their good wishes and to bring gifts. Mr. and Mrs. Skett were married at All Saints' Church, Manchester, England, twenty-five years ago, and have lived in Victoria for the past eighteen years.

The house was filled with beautiful flowers, among the presentation gifts being a large basket of gladioli in shades of purple, orange and white from Purple Lodge and a bouquet from the Orange Juvenile Lodge No. 55. The chief of Purple Lodge, Daughters of England, of which Mrs. Skett has been president for three years, sent a handsome silver sandwich tray and in the evening the choir members sang a number of songs in honor of the occasion. The bride club to which Mrs. Skett belongs presented her with a silver tea tray, and a silver water jug was the gift of the W. A. to Typographical Union No. 65, of which she is also a member. Other individual gifts included a silver jardiniere and plant, a silver sugar and cream set and a silver cake server.

The refreshment table was spread with an Italian outwork and lace cloth and centred by a silver basket of Sweetheart roses, smaller vases of roses being placed at each corner. A two-tier wedding cake, decorated in white and silver trimmings, held the place of honor and was cut by Mrs. Skett. Mrs. E. S. Ard and Mrs. A. Gough presided at the table. During the afternoon, Mrs. Stanley Shrimpton and Mrs. G. Gosse sang, accompanied at the piano by Mrs. Evelyn Holt, and in the evening Mrs. S. Morton and Mrs. Audrey Robinson were the soloists. Miss Evelyn Dawson playing the accompaniments.

Mr. Skett is a member of the Typographical Union and is employed at The Daily Times.

Cool, Sun-Back Bolero Jacket

That Turns a Neat Trick for Spectator Wear

YOU'LL find this smart ensemble ideal for town as well as vacation days. It has a brief sleeved bolero jacket that turns a neat trick for spectator wear. It completely disguises the sun-back. You'll have lots of occasions to wear the jacket over other frocks. It gives variety without extra expense. Take off the jacket when you want 'Old Sol' to get on with sun-tanning as efficiently as possible. It's just the dress for sunbaths. The flared skirt allows plenty of action. White shirtdress with a matching or contrasting print jacket is a captivating blouse for its development. Such and washable silks are lovely on 'sun backs'. It is finished with the aid of the diagrammed sewing chart included.

What Today Means

IF AUGUST 3 is your birthday, the best hours for you on this date are from 9:30 to 11:30 a.m. from 1:30 to 3:30 p.m. and from 7:30 to 9:30 p.m. The danger periods are from 7:30 to 9:30 a.m. from 5:30 to 7:30 p.m. and from 9:30 to 11:30 p.m. This day may see too much of an inclination to brood over unpleasant past experiences. The past is gone, live today, and let tomorrow take care of itself.

The mentally sketchy girl-friend thinks the expression "a shot in the dark" means there's just been another chicken coop robbery.

If a woman and August 3 is your birthday, you are likely to have an untrusting mind and the ability to write a clever letter. You should have all the social graces or be able to acquire them with ease. Your mind's serious failing may be an extreme sensitivity to nature's whims and changes, you will be unduly suspicious and "half-hearted." You may have a latent sense of humor that requires development. You must have your own circle of friends and not try to force yourself to adopt someone else's if you really wish to enjoy the full benefits of friendship.

Through the management of a restaurant, specialty shop or business office, writing, selling or work of an artistic nature you may be regarded as worthy to be included among the women of outstanding achievements. Your matrimonial prospects indicate that you will receive excellent judgment in your selection of a husband.

Gifts in "Wishing Well"

In honor of Miss Joan Lucas whose marriage to Mr. Maurice W. Loudoun will take place on Saturday, Miss Phyllis Elliott entertained at a miscellaneous shower last night at her home on Rutledge Street. The reception rooms were lavishly decorated with gladioli and sweet peas. The many gifts were concealed in a "wishing well," cleverly made of brown crepe paper, to whose sides hung a realistic green vine. Misses Margaret Jones and Beverly Dutoit drew the packages up from the depths of the well. Games and contests were much enjoyed, following which a buffet supper was served. The table was prettily arranged with a centerpiece of sweet peas and ferns in a silver vase. Those present were: Misses Mary Lucas, Jennie Bamford, Beverly Dutoit, Hope Dyer, Josephine Cook, Beale Gardner, Marjorie Jones, Gladys Hulek, Betty Kyle, Ellen O'Connell, Vera Mann, Mildred Morris and Beth Taylor.

Flannel Dance Held

The annual flannel dance was held last evening at the Crystal Garden by the Alumnae of St. Joseph's Hospital. About 150 guests danced to the music of a popular

five-piece orchestra, the south ballroom being reserved for dancing. A buffet supper was served downstairs in the quiet hall. The committee in charge of the dance arrangements comprised Misses Tixie Locke, Marie Murphy, Josephine Englehardt, Louise Duggan and Ruth McTavish. Mrs. Edward Corbett, the president, welcomed the guests, assisted by the committee. The proceeds of the affair will go towards the general fund of the alumnae.

Received Gifts at Tea

At the tea given recently for Mrs. H. P. Swan, Dunsmuir, by Miss Irene Terry, Mrs. P. E. Corby presented the guest of honor with a gift on behalf of the Provincial Chapter, I.O.D.E., in which chapter Mrs. Swan has been a "most valued member and officer for many years." Many gifts and flowers were received by Mrs. Swan, bearing the good wishes of the friends assembled, who also signed a "Cloth of Remembrance" which is to be embroidered on her journey through the Panama Canal to England.

Going to England

Mr. Jack Laffin, son of Mr. and Mrs. George Laffin, 141 Eberts Street, will leave on Saturday for Montreal, whence he will sail on August 10 via the Duchess of Bedford for England. After visits with relatives in London and Devonshire, he will join the training ship Conway, in training for the British mercantile marine service. He received his preliminary education at St. James' Douglas and Victoria High schools, in this city, and recently was accepted for entry at the famous school.

Embroidered Peasant Apron

by Mayfair

MAYFAIR NEEDLE-ART—DESIGN NO. 504

Everyone is wearing them. Sometimes they are black, satin-trimmed with yellow bands and blue and red running stitch embroidery, sometimes they are pale green sheer with contrasting bands and pastel-colored embroidery, sometimes they are of printed batons with plain bands for the embroidery. They sell like hot cakes at bazaars and are inexpensive and easy-to-make gifts.

The pattern includes cutting pattern and directions for making the apron, transfer for the design, working instructions, color and stitch guides and diagrams.

Serve Fork Luncheons on Warm Summer Days

Many people in the country grow some kind of fruit which can be made into a Summer fork luncheon, says an article in The Times (London). Guests never tire of really good strawberries or raspberries.

In a fairly large dining-room it is a good plan to have three tables with a different course on each, but a hostess who could not manage this arranged a long table with three colored tablecloths, pale yellow, white and pale blue, for the separate courses.

On the first were all kinds of hors d'oeuvres with a "Chateau Russe" in the middle. This consisted of a Salade Russe—that is mixed vegetables cooked separately, cut small, well seasoned, and mixed with mayonnaise sauce. There should not be enough sauce to make the mixture run, as it must keep the shape of a cake.

Take a doubled piece of stiff paper, put it into a circle, lay on a large serving dish and fill it in with the Salade Russe, smoothing carefully on the top. Then remove the paper and cover the top of the cake with a criss-cross of fillets of anchovy. It makes a nice finish to have overlapping slices of tomato dressed with oil and vinegar all around. This sounds rather elaborate, but it serves for a large number.

The rest of the hors d'oeuvres can be quite simple—slices of hard-boiled egg in a cream sauce, preserved tunny-fish, potato salad, and so on, but not the popular sardine, as it cannot be eaten with a fork only.

Trays of various unsweetened biscuits and dishes of butter should be provided.

On the centre part of the table fish and meat dishes can be set. Even in the Summer many people like a hot dish, so on an electric heater there might be:

POULET NINA

Cook some spaghetti carefully in salted water, drain off every drop of water, put in a gratin dish, and cover with seasoned cream, let it simmer for a little while slowly to absorb some of the cream, then cover with the white meat of a cooked chicken shredded into pieces that can be eaten with a fork. The chicken is best cooked in stock which is being made for soup.

Another hot dish requiring a fork only is:

CANNELLONI

Minor very finely the best bits of cooked lamb—chopped, cooked mushrooms and chopped cooked chicken livers can be added. Moisten with a good sauce for a braise and roll in thin sheets of cooked m-made macaroni. Put side by side in a gratin dish, cut the ends even, and cover with more of the sauce. The Cannelloni should be about the size of cigars.

If this dish is used at the same time as the Poulet Nina vary them

pancakes should be substituted for the macaroni.

Instead of the Poulet Nina the following might be served:

ROGNONS A L'ARABE

Soak in boiling water for two minutes, then drain and remove skins. Cut into slices, heat a little butter, add either a little sherry or brandy, and simmer the kidneys gently till done. Drain off some of the butter and add enough cream to make plenty of sauce and some small mushrooms which have been separately cooked very slowly in butter, also a few small rounds of toast about the size of the kidneys, lightly together and let heat slowly and thoroughly. Turn into an entree or gratin dish.

For cold dishes there might be soufflé of crab or lobster mousse of ham or tongue or kalamint. A cold curry is generally liked, but it should not be a heavy one.

A very nice dish easy to eat with a fork is:

TRUITE SAUMONNEE A LA GELÉE

Poach carefully a not too big salmon-trout, take out the bone and cut it into neat fillets—one for each portion—put them in two rows along the serving dish, just cover

Steps Out to Races in Patterned Print

with thin jelly made from cold stock (this prevents them from setting dry), and when you have a row of chopped jelly along the centre of the dish.

It is better not to have too great a variety of dishes in a small household—they give more trouble, and one or two good ones—each course will suffice and can be duplicated if required. Salads will be wanted, and a good and extremely decorative plan is to have three bowls side by side, one containing cold cooked green peas (the greatest care must be taken in salting the water they are cooked in), the next small new potatoes of one size, and the third very small carrots, which should have a very little powdered sugar mixed in with them before they are cold.

SWEETS AND FRUITS

On the third part of the table should be the sweets and fruit. As there have probably been creams of some kind among the meat or fish dishes it would be well to avoid them—especially as cream will be wanted for the fruit—and have instead simple things that can be eaten with fruit. A real calves-foot jelly, lightly flavored with lemon and served in a glass bowl (jelly is stiff enough to mould is always tough—is so old-fashioned as to be a novelty. Curds, too, are good, and baked custard made with cream instead of milk is delicious. Raspberries served ready mixed with whipped cream and sweetened with coarsely crushed maple sugar are sure to be appreciated.

Black currants make one of the best "tools," and cherries are excellent not only in large pies but in tiny open tarts if the syrup poured over them is so much reduced that it will not run while they are being eaten.

Little cream cheeses, especially if slightly sour, are very nice to eat with fruit, and a light flat sponge cake cut in portions is a good accompaniment to "tools."

Whisky and soda and iced beer will suffice for strong drinks and a refreshing soft one is

COQUE D'OR

Two bottles ginger ale, one bottle ginger beer, one sherry glass each of lemon and orange juice. Cool in a refrigerator rather than put ice into it.

When the Lusitania was first thrown open for inspection, Mark Twain was shown over the ship by an official of the Cunard Company and expressed himself as profoundly impressed. In bidding farewell to the official, he exclaimed, "Wonderful! I shall have to tell Noah all about this when I meet him."

Instructor Presented With Gifts

The Summer School of Drama, which since June 20 has held classes here daily at the Junior High School, met for its final session last evening, and in connection therewith made presentations to their director, Hector Cant, Seattle. One of the gifts was a handsome traveling kit, presented on behalf of the students by Miss G. Hickman and Miss Joyce Smith.

In the early part of the evening Mr. Cant conducted a review of the term's work, with special emphasis on the principles embodied in the course on "Approach to the Theatre." He reiterated that students of the theatre should not only reach out for information and in every possible way extend their knowledge, but that they should sense the emotional elements in what they learned and react within themselves to every pulse of life around them.

The presentations were made in connection with a skit entitled "George and Margaret," written for the occasion by Mrs. J. E. Lane, Victor di Castri and Gregory Crawley making the second presentation on behalf of the class.

W. B. Crawley announced that the class, numbering twenty-four, would meet about September 15 to consider the advisability of keeping together as a study group during the Winter months. If this were decided on, it was hoped that Mr. Cant would be able to come over from Seattle occasionally to supervise the work and set lessons for the interim periods. Mr. Crawley expressed deep appreciation to the instructor for the constructive way in which he had conducted the course.

Concert Nets Good Sum for War Refugees

Including a cheque from Premier T. D. Pattullo, the total proceeds from the war refugees' relief concert sponsored by the Chinese-Canadian Youth Forum amounted to \$551.73, plus a Chinese token worth one-tenth of a cent, it was announced during a meeting of the forum executive yesterday.

The amount is now in the hands of a local bank manager, who has been made honorary treasurer of the fund, to be sent direct to Madame Chang Kai-Shek this week. It was stated.

Officials of the Chinese-Canadian Youth Forum are very grateful for this splendid response and to the following individuals for their kind assistance: Miss Kathleen Agnew, Major and Mrs. L. Bullock-Webster, Mr. and Mrs. R. P. Butcher, Kenneth C. Drury, Very Rev. Spencer Elliott, Prof. E. S. Parr, Prof. F. P. Horowitz, Dr. A. S. Imrie, David Leeming, Mrs. R. B. Mosher, Lieut.-Col. P. W. L. Moore, Bishop Sexton, Rev. Bruce H. Wallace and Capt. T. L. Thorpe-Douglas.

"Do you see that tall woman with the sharp nose and the vicious-looking eyes?" queried Jones. "Yes," drawled the stranger. "Well, I've been watching her for quite a while. She's the last woman I'd marry."

The stranger glared at him with a look of admiration. "Old chap," he said at length. "I'm one up on you. She's actually the last woman I did marry."

Jif Superfine SOAP FLAKES

TIME OUT! By Chet Smith**LIFE'S LIKE THAT** - By Fred Neher**Jane Dixon Says:**

DIFFERENCE IN NATIONALITY SHOULD NOT KEEP COUPLE APART
Why two young persons who live and love in this country should consider a difference in nationality a handicap to marriage is beyond the ken of this writer.

Not where you came from but where you are going is the measure of your future happiness and your success.

Dear Miss Dixon: I'm nineteen and in love for the first time in my life—true love I mean.

I thought I knew what the four letters meant two years ago when I met a boy and later became engaged to marry him. I kept putting off our marriage because I wanted to find out just how much this boy really cared for me, and how deep the love of the other boy is.

The one I love is twenty. I'm convinced now that he cares for me more than he does for life itself. My whole heart is his. We are of different nationalities and should we attempt to go any further with our romance, we would be frowned upon by our parents.

However, he has vowed to meet me more than half way and that no matter how tough the going gets, we will stand together and see it through. I've about decided to make the attempt.

Do you think we are right, or should we break off and try to forget one another, which now seems so impossible. Or do you think it would be wise for me to go back to the first boy and marry him, even though I know that he comes second in my life? "Unhappy."

Comment: Frequently religious differences create dissension in families but to allow nationality to stand in the way of happiness surely is the greatest nonsense. Man or woman is worthy by virtue of character, not by reason of descent.

Why don't you and the young man both pledge your allegiance to the country in which you will make your home? Then you will have a mutual citizenship, a joint loyalty. No one—not even parents—have the right to try to force you into living in the past.

Marrying one man while the whole heart belongs to another is a form of false pretense, of cheating, for which not only the cheater but his or her hapless victims are made to suffer.

"TO CALL A SPADE A SPADE"
The Macedonians omitted the verbal embroideries, "calling a spade a spade" is a phrase these ancient had for unequivocal language.

In Plutarch's Apophthegms is set down perhaps the earliest recorded use of this—what many of us may have regarded as a "typical Canadianism for blunt speech, but which was common, currently twenty-two hundred odd years ago.
"The citizens" confided his friend Laethenes to Philip, "are calling you a traitor."
As returned the father of Alexander "the Great," these Macedonians are a rude and clownish people that call a spade a spade!"

Indians Beat Red Sox To Slice Yanks' Lead

Denny Galehouse Turns Back Boston While New York Is Losing 4-3 Decision to Detroit—Cubs Blank Giants—Pirates Lose

Wes Ferrell, 14 the Browns to seven hits today as Washington Senators won the first of a three-game series, 5-3, but the St. Louis Cardinals protested because of a mishap in which Umpire Harry Geisel was injured and carried from the field. Billy Sullivan, 14, 7, knocked the umpire down in a dash for home after Al Hildebrand had singled in the second inning. He was called out at the plate.

Geisel regained consciousness in the clubhouse and was taken to a hospital for a complete examination and observation after Dr. Robert E. Hildebrand, chief of staff, was called. Buck Newsum, of the Browns, and Oscar Bluege, of the Nats, took over Geisel's duties.

Denny Galehouse kept twelve Boston hits well scattered and Cleveland Indians took the opener of a four-game series, 7-4, move within one and one-half games of the leading Yankees. Kenny Keltner smashed his eighteenth home run of the season in the second inning with the bases empty.

George Gill, Detroit Tigers' hurler, weathered a ninth-inning rally by New York Yankees and hurled the Tigers to a 4-3 triumph in the opening game of their series with the New Yorkers.

Clay Bryant, Chicago Cubs' right-hander, stopped the Giants dead with a two-hit, 7-0 shutout that cut the New Yorkers' lead over the third place Cubs to one and one-half games in the National League.

While Bryant whipped his curve and fast ball past the befuddled Giants, the Cubs routed Carl Hubbell and smacked Dick Cofman, his relief, with a twelve-hit attack that included a three-run homer by Stan Hack and another round-tripper for Billy Jurge.

The league-leading Pittsburgh Pirates ran into a superb four-hit pitching performance by Johnny Lanning today and dropped the series opener to Boston Bees, 3-1.

VANDER MEER WINS
Johnny Vander Meer won his twelfth game of the season as the Reds no-hit the Phillies, 3-2.

After pitching well for seven innings, Vander Meer allowed the Phils to tie the score at 1-1 in the eighth. When the first two men hit safely in the ninth he was relieved by Derringer.

Those amazing Dodgers pounded out a double victory over St. Louis Cardinals, 6-2, and 9-3, and moved back into fifth place one percentage point ahead of Boston Bees.

Fred Fitzsimmons stopped the Cards with eight hits, one of them Johnny Mize's fifteenth homer of the season, in the opener. In the second game big Dolph Camilli knocked homers No. 14 and 15.

TWELVE BOUTS ARE BILLED AT ATHLETIC PARK

H.M.S. York and R.C.N. Boxers to Meet at Outdoor Show Tonight

Fighting bluejackets from the visiting British cruiser H.M.S. York and the Royal Canadian Navy will swap punches this evening at the Royal Athletic Park at the outdoor boxing show being presented by Victoria's celebration committee, with Alderman W. H. Davies, committee chairman, in charge. The first mix will start at 8 o'clock.

Seven divisions, from featherweights to heavyweights, will be represented, and, according to reports from the York, the Equilateral boys will be in for an interesting evening. Twelve bouts are carded, with Six La Ronde, H.M.S. York scheduled to swap punches with A. Mylrea, hard-hitting H.M.S. Fraser fighter, in the main event.

The bouts will be staged under navy and army rules with the officials outside the ring.

COAST LEAGUE
Two much Ad Liska and not enough Freddie Hutchinson spelled a 5-2 victory for Portland over Seattle in the opening game of their Coast League series here last night.

Liska limited the Rainiers to four hits, three coming after two were out in the eighth to give Seattle both runs.

Oakland's Bittner and Hollywood's Johnny Babich hooked up in a tight duel with Bittner coming out a 3-1 victor. The Oaks' hurler kept seven hits well-spaced. Babich gave up ten.

Bill Walker shut out San Diego to give Sacramento a 5-0 win. The Sacs pounded big Jim Chaplin out of the box to gain a full game on Los Angeles. Dibs Williams was "poisoned" to the Padre hurlers, smacking out a single, double and triple.

Los Angeles dropped a 9-0 decision to San Francisco and saw

their lead over Sacramento cut to a single game. R. H. E.
